

COMMUNITY RELATIONS

Use of School Facilities

The board prohibits on school property any and all non-school related activities including, but not limited to, campaigning, commercial advertising, solicitation of any kind, which interfere with and disrupt any facet of the overall school program. The principal, or designee, shall not permit any disruption of the school program.

The board prohibits campaigning in its school buildings by individual candidates and/or parties for local, state, and federal elections except during all-candidate forums and as may otherwise be authorized by law. In instances where schools are utilized as polling places strict compliance with pertinent election laws shall be observed.
